TEMPEST GAMING M6 SPEAKERS

INSTRUCTION MANUAL

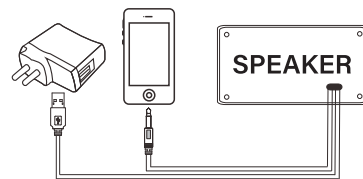

LED light bar

1. Connected to the PC

Hint: : Connect the USB and 3,5mm cable to the rear board of your PC. In general, this will give you better power and sound quality than using USB and 3,5mm front board output.

2. Connected to the smart telephone tablet,MP3/MP4

Hint: DC 5V 600mA-1500mA power supply is recommended.
